Aquator User Group Meeting: 2016

11th and 12th October 2016

Worcester College, University of Oxford

We are pleased to announce that the 2016 Aquator User Group meeting will take place over two days at Worcester College in Oxford. The venue was a popular choice for the 2014 Aquator User Group meeting, and is readily accessible, being only 600 m from Oxford rail station.

On Tuesday 11th October, there will be a day of **Training** for Aquator License holders. The morning will offer two sessions in parallel – *Aquator for new users* and *Advanced Aquator with VBA*. The afternoon sessions will focus on Aquator tools and analysis, including *Porting for AquatorXV*. The programme will be customised to match users' needs. You can indicate your interest in the training day by completing the relevant section in the attached pro-forma.

There is an evening meal on 11th October.

On Wednesday 12th October, we will hold the **User Group Meeting**. The meeting will follow the format of previous years, with presentations on AquatorXV, Aquator project work and case studies. There will also be a keynote address from a Guest Speaker. Any user who wishes to make a presentation of a case study should complete the relevant section in the attached pro-forma.

Please return your completed pro-forma to Tarryn Peake via email - tpeake@reading.hydro-logic.co.uk.

This is the first circular for the event to notify users of the date of the meeting. Booking arrangements will be notified in a second circular, to be issued in early September.

We look forward to meeting you in Oxford in October.
